Index to Mechanical Engineering

Volume 45, January to December, 1923

D denotes discussion; C, correspondence

A

Abbreviations and symbols, mathematical and graphical, standardization of 394
Accumulators, steam 599
Accuracy of boiler tests (C) 69
Acetone, use of in composite engine fuels 578
Acetylene 712
-driven motor cars 708
engines 708
Acoustic method of finding elastic limit of metals 497
ACRES, H. G. Modern hydraulic turbines of large capacity 468
correction to above paper 563
ADLER, A. A. Stresses in electric-railway motor pinions (D) 137
Admiralty Boiler Committee 438
Aero engine, Stromboli 594
engine, 18-hp. Cherub 309
Aerodynamic tests, pendulum 490
Aeronautical engineering at New York University 724
"Aerophor" 305
A.E.S.C. completes sixth year of successful service 320
"Agricola" 359
Air brake, Kunze-Knorr 439
Air-bubble action, flow of water and 542
Air compression 48
compressors, explosions in 490
coolers, surface 435
drills and hammers, testing 542
enriched 306
enriched, in gas producers 662
enriching 305
-gasoline mixtures, dewpoints of 601
heaters 189
humid 703
liquefaction 305
making America independent in the 513
motor 49
preheating 655
Air pump, reciprocating 306
secondary 127
specific heat of, variation with temperature 257
tanks 541
-water, vapor mixtures 703
Aircraft instruments, gyroscopes in 434
AIREY, JOHN. Design of milling cutters (D) 267
Airplane, Henri-Paul type 121
jet propulsion for 434
light 358
Schneider Co. 121
Airship for long-haul heavy-traffic service 235
Alcohol as fuel 188
Allgemeine Elektricitaets Gesellschaft, pulverized-coal burner 654
ALLEN, C. M. Modern hydraulic turbines of large capacity (D) 474
ALLEN, F. B. Ash-handling methods (D) 92
ALLNER, F. A. Hydroelectric power for the metropolitan district 322
Allowances and tolerances, standard, for machined fits 699
Alloy, zinc-base die-casting 250
Alloys, high-temperature, Dr. M. A. Hunter presents facts on, at Newark meeting 256
ALPERN, M. Stoker design (D) 23
ALTENKIRCH EDMUND 711
Aluminizing iron articles 307
Aluminum, adding manganese to 185
bronze 122
bronze as an engineering material 283
iron, and electron, research work on 185
solders for 360
America, commercial aviation in 70
in the air, independence of 513
American and Canadian engineers coöperate to make A.S.M.E. meeting a success 424
American Engineering Council, 1923 officers of the 142
welcomes Caetani 142
second annual meeting of 142
American locomotives in France 710
railroads 207
screw-thread series 506
AMES, JOS. S. 440
Ammonia compression, thermodynamics of 57
compressor 129
compressor, oscillating 312
condenser reports 191
constants of 367
process, synthetic, Fauser 600
tanks 541
vapor, saturated, specific volume of 313, 547
ANDRADE, C., JR. 438
Andrade differential for motor cars 438
ANGUS, R. W. Modern hydraulic turbines of large capacity (D) 473
Angus shops of C.P.R., Montreal, steel-car construction at 349
Annealing low-temperature, cold-drawn steels 656
Annual and Spring Meetings. *See* A.S.M.E.
Anthracite culm 361
Appalachian mountains, southern, water, coal, and man power of western slope of 637
Apparatus and instruments, test code on 116
mechanical power-transmission, safety code for 384
Apprentices and shop training, schools for 173
ARMACOST, W. H. High-temperature and high-pressure steam lines (D) 293
Army Commission, American 709
ARNOLD, ARNOLD A. 363
ARRHENIUS, SVANTE 364
Art and the engineer 141
of power development, progress in 133
Ash, coal 544
-fusion type of gas producer 657
handling, methods of 83
removal, automatic, Usco patent 657
Asiatic markets for industrial machinery 265
A.S.M.E. Annual Meeting, forty-third 59
Aeronautic session 67
Ash-handling session 61
Boiler code hearings at the 67
Business meeting of 59
Education and training session of 62
First general session of 62
Forest-products session of 67
Machine-shop session of 61
Management session of 60
Ordnance session of 67
Power session of 63
Power test code hearing at the 67
Railroad session of 63
Refrigeration session of 60
Research session of 62
Safety engineering session of 67
Second general session of 63
Social events and excursions of 60
Standardization session of 66
Steam-table-research session 62
Stoker session of 62
Student session of 60
A.S.M.E. Boiler Code. *See* Boiler Code, A.S.M.E.
A.S.M.E., coöperation of in industrial mobilization 664
Council urges prompt trial of indicted engineers 507
Medal for 1923, John R. Freeman recommended for 507
meeting at Montreal to be popular 323
research committee on fluid meters, progress report of 135
A.S.M.E. Spring Meeting, Montreal, Canada, sessions at 424
Business meeting 424
First power session 424
Fuels session 426
General session 428
Machine-shop session 427
Management session 424
Port-development session 425
Public hearing and committee meetings 429
Railroad session 425
Second power session 425
Textile session 425
Aster engine valve gear 189
"Atmos" high-pressure boiler 253
ATWOOD, WM. G. 544
Autogiro, Lacierva 358
Automobile, copper-cooled 126
headlight-testing specifications approved by A.E.S.C. 77, 209
wheels, welded pressed-steel 497
Automobiles. *See* Motor cars.
Automotive Engineers, Society of, meeting 211
Automotive engines, blended fuels for 577
Auto-thermal boiler feed 496
Aviation, civil, control of 571
commercial, in America 70
motor, Farman 123
AWBERY, J. H. 305
AYRES, COLONEL. Labor shortage, not credit stringency to check prosperity 621

B

Babcock & Wilcox boilers 438, 496
BACH 363
BAILEY, ALEX. D. Development and use of modern chain grate (D) 21
BAILEY, E. G. High-temperature and high-pressure steam lines (D) 293
Orifice coefficients—data and results of tests (D) 347
Balance, experimental sensitive 601
Balancing machines, recent developments in 353
Ball bearings 660
bearings, international standardization of 726
"Balloon" tire 363
BARBILLION 545
BARBOT 358
BARNARD, D. P. 601
